Dear Dr. Sackler:

Now that my painting exhibition has concluded its tour, I hope I am not too late in thanking you once again for giving me the opportunity to present my art to a much wider audience.

Thanks to your encouragement and generosity, as well as Lois's skillful help, a beautiful catalogue has also been produced.

I am proud to have been chosen by your Foundation, and I am certainly inspired by the success of the exhibition.

May I express my gratitude for your recognition of my work and my admiration of your sincere appreciation of Chinese art.

I hope to meet you again soon.

With warm wishes,

Yours,

C. C. Wang
